

STAINLESS STEEL CLEANER SPRAY

Features

- water-repellent protective film.
- silicone-free for indoor and outdoor applications
- NSF (German Technical and Scientific Association for Gas and Water) approval

Areas of application

PETEC stainless steel cleaner for quick and easy cleaning, care and protection of shiny and metallic surfaces (stainless steel, aluminium, copper, brass and chrome) in one single operation. Effective, gentle and streak-free removal of contaminants such as dust, dirt, limestone, grease, flash rusting, fingerprints, oils and resins. Leaves a shiny, dirt- and water-repellent protective film.

TechnicalData

Colours	clear
Shelf life	36 Months

Usage Instructions

Shake can well before use. Apply an even coat of PETEC stainless steel cleaner from a distance of approx. 20 cm on the surface to be coated. Then wipe off with a clean cloth. The surface will remain glossy for months. Before use, we recommend performing a material compatibility test on a hidden spot. Read the safety and technical data sheet. (Download the PETEC data sheets at www.petec.de)
