

BIKE CLEANER

Features

Bike Cleaner is a spray-on, residue-free multi-purpose cleaner with immediate effect for cleaning bicycles and motor bikes rapidly and thoroughly

- multi-purpose
- extremely powerful cleaning effect
- removes dirt, deposits, grease, oil, insects and resin
- does not damage any materials

Areas of application

The cleaner does not damage any materials (metal, plastic, carbon, chrome, leather, textiles, glass, Plexiglas, etc.) and is suitable for all components. Thanks to its special composition, the cleaner also removes persistent dirt and deposits such as grease, oil, resin, limestone, brake dust and insects.

TechnicalData

Shelf life	36 Months

Usage Instructions

If necessary, remove coarse dirt first with water or a high-pressure cleaner. Pull the blue safety tab on the spray head upwards and turn the spray head by 180°. Spray the cleaner evenly onto the surface. After a brief contact time (approx. 2 minutes), wipe off with a sponge and clean water. If necessary, wash down with a high-pressure cleaner. Repeat the procedure in case of heavy soiling. Note: Do not spray directly onto hot surfaces (exhaust or brake disc). Rinse with plenty of water if used on aluminium. Read the safety and technical data sheet. (Download the PETEC data sheets at www.petec.de)

Package Sizes

Item no.: 60150
500 ml spray bottle

Our technical application advice, whether verbal, in writing, or based on tests, is provided to the best of our current knowledge. However, it does not release you from the obligation to independently verify the suitability of the products we supply for the intended processes and purposes. The application, use, and processing of the products are beyond our control and therefore fall solely within your area of responsibility.
