

# **CHAIN OIL SPRAY**

#### **Features**

- for all bicycles and E bikes
- · lubricates all types of chains
- outstanding ability to penetrate
- no effect on e-bike electronics
- compatible with many materials, such as metal, plastic, rubber, carbon, ceramics, glass and painted surfaces, for instance
- · long-lasting resistance to water and salt water
- neutral on O-rings
- silicone-free
- 360°-valve, can be used upside down

### Areas of application

PETEC chain oil for lubrication of drive chains. Thanks to its outstanding ability to penetrate and the infiltration into fissures, the special oil reaches the smallest pores in the chain and chain links. Optimal transmission of power thanks to low viscosity and frictionless lubrication. Also suitable for lubricating joints, screw connections, quick-release fasteners, clamps, saddle rail and all moving parts on a bicycle. Ideal for all bicycles and e-bikes.

#### **TechnicalData**

Colours	clear
Shelf life	36 Months

#### **Usage Instructions**

Shake can well before use. Thoroughly clean and degrease surfaces with PETEC chain cleaner (item no. 70540). Spray PETEC chain oil evenly on the chain. Note: Do not spray onto the tyres. Read the safety and technical data sheet. (Download the PETEC data sheets at www.petec.de)
