

# OIL STAIN REMOVER SPRAY

## Features

- binds and removes oil spills
- easy to use
- quick and economic
- removes persistent oil stains
- excellent suction power
- silicone-free

## Areas of application

For binding and removing environmentally harmful fuel and oil spills on absorbent and non-absorbent surfaces. Excellent on many materials (concrete, asphalt, plaster, tiles) in/on e.g. workshops, petrol stations, driveways, streets and much more

## TechnicalData

Shelf life	36 Months
------------	-----------

## Usage Instructions

Shake can well before use. Apply PETEC oil stain remover to the oiled surface from a distance of approx. 20 cm and let it act for 20–30 minutes. After the drying time, remove residues and repeat the process if necessary. Check on beforehand if compatible with the material. Always conduct your own tests to ensure that the product is suitable for each application. Warning: The spray removes moisture from the substrate, which can temporarily lead to white staining. Read the safety and technical data sheet! (Download the PETEC data sheets from [www.petec.de](http://www.petec.de))

## Package Sizes

<b>Item no.: 72350</b>
500 ml
